Fundraising

Events

There are so many ways you can support us by hosting a fundraiser within your company or involving your employees. If you would like to host an event in your organisation we can support you with branding materials and share on social media, just get in touch and we can see how we can help.

Sponsorship

Your company could sponsor a particular programme or aspect of our work. We can work together to meet the Corporate Social Responsibilities of your organisation, whilst ensuring the greatest visibility and impact on the ground.

Donations

Your company can make a donation based on a percentage of sales, profits or a particular promotion. Talk to us about what will work for your organisation.

Payroll Giving

Payroll giving is an easy and flexible way for your staff to support our organisation. This can provide us with a reliable source of funding to run our services. Staff can easily choose the amount they donate. Talk to us about setting up Payroll Giving in your company.

Long term Partnership

We can work together to develop a more strategic partnership over several years. A more in depth long term relationship can make a huge difference to the work that we do, allowing us to plan long term, and ultimately that means more families benefiting from our programmes. Talk to us about a bespoke partnership with your company and what we can achieve together.
